

BULK BINS

-  secure & reliable packaging solutions
-  available Australia wide
-  made from 100% recyclable material

BULK BINS Designed For Effective Stacking

We understand the importance of quality packaging when shipping or transporting your valuable parts, goods or products. CMT Bulk Bins are an ideal choice, providing you with the strength and fit configuration to ensure the right protection and moveability of your quality products.

If our Bulk Bin range does not meet your needs, the CMT design process is rigorous, taking into account all aspects and steps of packing, storing, shipping, exporting and using your products. We can then recommend fit for purpose packaging solutions to meet your specific requirements.

Key Benefits of CMT Bulk Bins:

- ✓ Made from 100% recyclable materials
- ✓ Light in weight
- ✓ Efficiency and ease of handling
- ✓ Can be custom designed and made to suit your specific requirements
- ✓ Fully recyclable
- ✓ Complimented by the CMT Timber Pallet Range

Timber pallets in Standard Domestic Grade Timber or ISPM Grade Timber components are available to complement these Bulk Bins.

Finding the right Bulk Bin is easy - Select from our range of easy-stack Bulk Bins or contact CMT today on **1300 531 536** to discuss your specific requirements.
