

CARDBOARD CARTONS & PALLETS

secure & reliable packaging solutions

available Australia wide

Cardboard Cartons & Pallets Lightweight, Heavy Duty & Durable

Quality Cardboard Cartons & Packaging Products

Working with our team of packaging specialists, CMT offers specific solutions to your product protection, marketing and distribution requirements. Our services include printing, storage and delivery management, timber frames and/or other support systems.

All our cardboard packaging products are made from a combination of recycled fibre and kraft papers in line with ISO 9000 quality standards.

Our storage and distribution networks allow us to stock your cardboard cartons and conveniently deliver them when you need them, keeping your levels of efficiency and productivity consistently high.

CMT is one of Australia's leading designers and manufacturers of corrugated cardboard boxes and packaging, servicing industries including:

- ✓ Industrial
- ✓ Transportation
- ✓ Food & Produce
- ✓ Pharmaceutical

Cardboard boxes for moving are an important part of our range. Beyond the simple convenience of buying all your packaging from a single supplier, you will enjoy the benefits of fully integrated packaging solutions where all the elements from pallet to unit carton are guaranteed to provide the best possible result.

Quality Cardboard Pallets & Tailored Services

A Great Alternative to Timber or Plastic Pallets and ideal for export (particularly air freight cost savings) and domestic use where weight and handling are an issue.

CMT Cardboard Pallets provide the following key benefits:

- ✓ **Strong, lightweight and recyclable;**
- ✓ **Lightweight pallets in a lay flat or assembled format allow for static loading weight of 300kg; and**
- ✓ **Heavy-duty cardboard pallets, with reinforced corners allow for a loading of 2,000kg per square metre in a static situation.**

Helping you manage your cash flow and utilise your floor space efficiently and safely is an important part of our tailored services. We take away the headache of having to purchase large quantities at a time while not having the space to store them.
