TIMBER & PLASTIC PALLETS

Lightweight, Heavy Duty & Durable

CMTP aim to provide the best pallet range, which makes assembling, transportation, loading and unloading of goods an easy task. CMTP has extensive expertise in designing, developing and manufacturing a range of timber, plastic and cardboard pallets for many industry applications.

Our durable range of pallets is designed to provide safe and efficient usage throughout challenging and diverse storage, handling and distribution situations. It also can be maintained and refitted easily.

If required CMTP can provide NATA accredited load testing certificates, ensuring the pallets you use are safe and fit for purpose.

Our complete timber and plastic pallet product range comprises:

- ✓ **Custom Pallets**
- ✓ **Standard Pallets**
- ✓ **Euro Pallets**
- ✓ **Export Pallets**
- ✓ **Lightweight Pallets**
- ✓ **Medium Duty Pallets**
- ✓ **Heavy Duty Pallets**

With any purchase you can custom brand with your company name or logo, as well as your phone number, giving your product extra branding in the marketplace. Some customers also choose to have their pallets painted in a company colour, making them distinct and instantly recognisable.

At CMTP, we have extensive data around the loading capacity of pallets so we can advise you on the most efficient type of pallet for the job at hand. We pride ourselves in providing solutions tailored to your business, ensuring you are not wasting your time and money on over-specified packaging products. With extensive expertise in designing, developing and manufacturing a range of timber and plastic pallets for many applications, our team of experienced industry professionals understand the challenges you face.

If required CMTP can provide NATA accredited load testing certificates, ensuring the pallets you use are safe and fit for purpose. CMTP are also able to barcode or RFID tag pallets, by using electronic technology your warehouse tracking and management will be better and easier.
