## PRODUCE BINS

### Long-life, Quality Bins for Every Application

CMT manufactures long-life and quality timber bins for a variety of produce. The best quality bins deliver value for money, our customers know that and recognize the benefits of the super strength and typical lifespan of 15 to 20 years of CMT timber bins. Australia's leading manufacturer of produce bins such as potato and onion bins, fruit bins, vegetable bins and potting mix bins, CMT has been manufacturing bins since 1976. Our nailing system guarantees maximum fixing strength keeping bins strong and rigid for longer.

The CMT in-house design team can create custom designs using state of the art CAD systems. Our team has years of experience in designing packaging for everything from standard produce bins to custom made bins specially designed for particular applications in farming and fruit growing.

CMT have highly experienced teams in 8 complementary manufacturing facilities in Melbourne, country Victoria, NSW, SA, QLD and Tasmania, all equipped with the latest material technology. Wherever you are in Australia, if you need to pack, store, move or export delicate goods, from fresh produce and livestock to electronics, or large volumes of bulky goods and equipment, CMT can provide you with effective and efficient packaging solutions.
